About Ezton

Ezton is a leading engineering firm in Uganda providing premium Solar Energy, Electrical installations, smart security, and ICT solutions.

We design and deliver high-performance, turnkey systems for residential, commercial, and industrial clients, ensuring maximum operational efficiency and reliable, continuous power.

**5+ Years of
Experience**

**500+
Projects
Completed**

**1000+ Clients
Served**

**99.9% Uptime
Guarantee**

Objectives:

- **Energy Independence:**

To Deploy high-quality, reliable solar systems to guarantee continuous, clean power.

- **Advanced Security:**

To Design and install robust CCTV, biometric, and smart security systems to protect homes and businesses.

- **Modern ICT & Power:**

To Build reliable, future-proof network infrastructure and industrial-grade electrical systems.

To Deliver end-to-end solutions from expert design and professional installation to long-term technical support.

Service Categories:

- * **Solar Energy Systems**
- * **Electrical & Power**
- * **Security & Surveillance**
- * **ICT & Infrastructure**
- * **Architectural & Construction**

Solar Energy Systems

At Ezton E&E Ltd, we believe energy independence is the cornerstone of a thriving business. Our end-to-end solar energy solutions are engineered to withstand East African conditions, ensuring you harness the maximum potential of the sun. From massive commercial rooftop arrays to reliable community street lighting, we provide uncompromised uptime.

Key System Capabilities:

- ✓ High-Capacity Grid-Tied & Hybrid Setups
- ✓ Solar Water Pumping & Irrigation Systems
- ✓ Comprehensive Maintenance & Energy Audits
- ✓ Robust Off-Grid Solutions for Rural Enterprises
- ✓ Heavy-Duty Industrial Power Backup

Electrical & Power

Power drives progress. Ezton E&E Ltd ensures your facility is wired for absolute safety and maximum efficiency. Our certified engineers handle everything from high-voltage substation deployments and complex industrial wiring to rapid-response generator troubleshooting—keeping your operations online when it matters most.

Key System Capabilities:

- ✓ Complex Industrial Wiring & Layout Design
- ✓ Advanced Switchgear & Control Panels
- ✓ Domestic wiring and installation
- ✓ Generator Procurement, Supply & Maintenance
- ✓ Power Factor Correction & Diagnostics
- ✓ Line construction

Security & Surveillance

Security is non-negotiable. Ezton bridges the gap between physical fortification and intelligent tracking. We deploy cutting-edge surveillance technology, ranging from thermal monitoring cameras across massive perimeters to strict biometric access control doors, empowering you with total oversight.

Key System Capabilities:

- ✓ High-Definition IP & Analog CCTV Grids
- ✓ Deterrent Electric Perimeter Fencing
- ✓ 24/7 Global Remote Monitoring Setup
- ✓ Strict Biometric & RFID Access Control
- ✓ Smart Video Door Phones & Intercoms

ICT & Infrastructure

A modern business lives or dies by its digital backbone. Ezton E&E Ltd designs, installs, and manages scalable ICT infrastructure that ensures flawless data flow. Whether constructing an enterprise-grade server room from the ground up or deploying wide-area wireless networks, we build systems that don't just work—they perform.

Key System Capabilities:

- ✓ Enterprise Structured Cabling (LAN/WAN/Fiber)
- ✓ Wide-Area Wireless Networking Solutions
- ✓ Dedicated IT Consultancy & Helpdesk Support
- ✓ Server Room Architecture & Climate Control
- ✓ PABX & VoIP Communication Systems

Architectural & Construction

Beyond power and connectivity, Ezton E&E Ltd provides complete architectural and construction services. We bridge the gap between structural engineering and aesthetic design, ensuring your facility is not only built to the highest safety standards but integrated seamlessly with modern power and ICT infrastructure from the ground up.

Key System Capabilities:

- ✓ Comprehensive Architectural Design & Drafting
- ✓ Interior Space Planning & Finishing
- ✓ Renovation & Structural Fortification
- ✓ Full-Scale Civil Construction & Structural Engineering
- ✓ Project Management & Site Supervision

Our Packages & Costing.

3 Arm 5 Star Gold Package

3 Flood Lights, 500W

1 Ptz Solar Camera

FULLY INSTALLED

AMOUNT : 2,500,000 Ugx

NB. AMT: 2,000,000 Ugx Without Camera

5 Star Gold Package

2 Flood Lights, 500W

1 Ptz Solar Camera

Fully installed

AMOUNT : 2,000,000 Ugx

NB. AMT: 1,600,000 Ugx Without Camera

Gold Package

2 Flood Lights, 400W
1, ptz Solar Camera
AMOUNT: 1,800,000 Ugx

NB. 1,500,000 Ugx without Camera

With full Installation

Silver Package

1 Flood Light, 500W
1 Ptz Solar Camera
OR (2lights on pole)
AMT: 1,600,000 Ugx

Fully installed

Bronze package

1 Flood Lights 300W

1 Ptz Solar Camera

AMT: 1,300,000 Ugx

Fully installed

Diamond Package

1 Flood Light 500W
& Pole

AMT: 1,000,000 Ugx

Fully installed

Platinum Package

1 Ptz Solar Camera
OR 300W Light with A pole / Camera
with Light & 1/2 Pole
AMT :800,000 Ugx

Fully installed

Other Solar Products Include:

20KW

Amount: 22,000,000 Ugx

15KW

Amount: 19,000,000 Ugx

10KW

Amount: 17,000,000 Ugx

5KW

Amount: 9,500,000 Ugx

3KW

Amount: 7,000,000 Ugx

Key Componets:

Hybrid Inverter
Lithium Batteries
Mono Crystalline Solar Panels
E-Box
Wires
All installation Accessories.

2.5KW

Amount: 3,500,000 Ugx

Solar Lit

1.5KW

Amount: 2,000,000 Ugx

1KW

Amount: 1,600,000 Ugx

0.5W

Amount: 700,000 Ugx

3 Lights Kit

Amount: 200,000 Ugx
and 300,000 Ugx

5 Years Warranty
15 - 20 years life span

Camera Packages:

Hikvision /Dahua:

IP POE

4 channel - 2,000,000 Ugx

8 Channel - 3,000,000 Ugx

16 Channel - 4,000,000 Ugx

Anolog Cameras:

4 Chanel - 1,500,000 Ugx

8 Chanel - 2,500,000 Ugx

16 Chanel - 3,500,000 Ugx

20 chanel - 4,000,000 Ugx

Camera kits:

4 Channel - 1,000,000 Ugx

8 Channel - 2,000,000 Ugx

Full installation.

Electric Fencing System

Plot Size	Price
50 x 50	UGX: 3M
50 x 100	UGX: 4M
100 x 100	UGX: 6.5M
200 x 200	UGX: 9M

 Comes with a lightning divertor & an alarm system

PTZ CAMERA STANDARD PRICE LIST
